Notes:

1. **Upton Playground / Recreation Ground.** £3k was for the new Upton play area, and as a result of raising these funds locally we were able to obtain a grant from WREN for the rest of the funds for the project. The play area was officially opened at Uptonogood 2012. £5k was for the bike pump track, an extension of the new play area making use of the piles of earth created when the foundations were dug for the Village Hall extension. The £3,534 in 2014 is a contribution towards the new ride-on mower (£2,684), pump track repairs (£350) and the pump track annual maintenance contract (£500). In 2015, 2016 and 2019 a further £9,770 was donated for use on enhancing or maintaining the recreation ground.

2. **Blewbury School.** Each year we raise money for Blewbury School, partly through money raised by the BBQ which is run by the school governors and partly through charitable matching. The money raised in 2012/2013 was primarily for the new year 6 classroom.

3. **Upton Village Hall.** In 2010 almost all of the money raised was for the Upton Village Hall Amenity Trust (UVHAT) to help fund the village hall extension. Since then some money has been used each year for improving the facilities in the village hall. In 2013, 2014, 2015, 2016 and 2019 a further £15,126 was raised for the village hall which will go towards the new kitchen and other hall facilities, benefiting both the hall and the Uptonogood event.
